

### Comparing a Commentary

1. Watch the two clips of sport. As you watch, make notes using the grid below.

Question	Clip A	Clip B
<b>Visual – What can you see?</b>		
<b>Aural – What can you hear?</b>		
<b>What phrases are used by the commentator?</b>		
<b>Anything else?</b>		

Both are clips: “good” yet they are quite different in style.

2. Make a list of the differences you noticed. What reasons can you give for these differences?
3. Consider how the clips are similar. Make a list of the features that are typical of a sports commentary.
4. Compare the phrases used by the commentator. What sort of things do they commentate on? What sort of adjectives do they use?
5. Write a paragraph, explaining why you think such different views of the same sports match occur and how this is achieved.
