Dr Jekyll and Mr Hyde

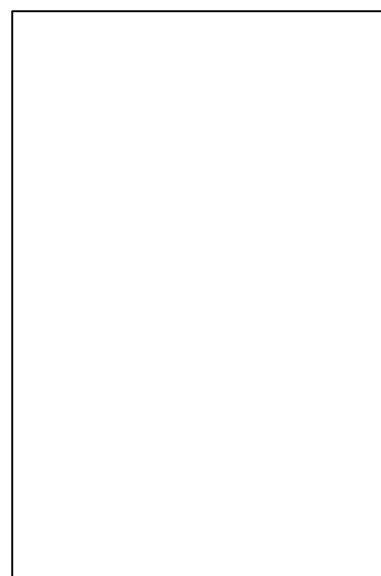

1. Do you recognise any of the names or pictures? Write down anything you think you know about the people.
2. Discuss the appearance of the people in the pictures. Do you notice anything in particular about them? Make notes of your ideas.
3. Look at the pictures themselves and the colour and quality of them. Again make notes of any ideas you have.
4. Bearing in mind that these are all pictures of famous Victorians, what do you think you know or have deduced (found out) about the Victorian era from these pictures?
