

Writing task

Look again at Act 3 Scene 5, in which Juliet and Romeo say goodbye after their night together and Juliet is then told by her mother and father that she must marry Paris.

Write Juliet's diary entry for the day, remembering to comment on the following:

- How Juliet feels about Romeo leaving;
- Her use of double meanings to her mother to cover up her true feelings about Romeo;
- Her father's harsh words to her;
- The nurse's advice at the end of the scene.

Remember to use quotations in your writing and refer to the text. For example you might start by writing:

'Romeo left this morning and we both felt so sad that I even tried to pretend it was still night by telling him the nightingale was singing rather than the lark.'
