

**LTB6 practice:**

1. Read the first poem through carefully. Think about AO2 (the content) and AO3 (the language, form and structure)
2. Now read poem 2, and do the same.
3. Annotate them as you would in the exam. Try to find at least one similarity, one difference and one area of interest to comment on.
4. Then we're going to discuss the poems....

W B Yeats

**Wires**

The widest prairies have electric fences,

Philip Larkin
